AIRMAN HAYS SAYS DEMOCRATS HAVE GIVEN UP

ading Cox in Hope of Saving Their Senators

ING TO HIDE HIND SMOKE SCREEN

w York, Oct. 20—Will Hays, blican national chairman to- ated that in many normally ratic states, Democrats had up hope of electing Cox or evelt and are now busy ling candidate Cox to try to their senators."

r. Hays arrived here today Chicago bringing with him prediction that every state of the Mississippi would poll arding majority with the pos- exception of Texas, Arkan- and Louisiana. Of states h of the Mason-Dixon line, Hays said in a formal state- t the Republican ticket would y Maryland, Tennessee, Ken- y, West Virginia and possi- North Carolina. The solid h with these exceptions and three western states were all hich Mr. Hays would concede Democratic chances seemed er than Republican.

tory In Illinois and Indiana.

e said there was no doubt of eping Republican victories in ois and Indiana declaring thrt prediction was made on as servative a basis as was his mate that the Republican ma- ty in the recent Maine election ld be at least 30,000.

The west has been amused at effort of the opposition to try develop their campaign to issue," Mr. Hays said. "It been amused at the Democrat- misconception of politics and public mind.

'Candidate Cox went out on his n responsibility with his own nagers and conducted his cam- gn all over the west and mid- west, entirely dropping the sident. This campaign is the st dismal failure in the history presidential candidates. Des- ately seeking to hide behind peace smoke screen which is as interfeit as the 1916 pledge t he would keep us out of war, ey strive to develop a campaign ategy on one issue. They pro- se to settle this campaign in rope when every taxpayer in nerica is crying for a discussion the menas for a better and ore efficient and more economi- l constitutional goervnment at me.

"The Democratic organization entirely demoralized in many the states which are frequently mocratic. They have given the presidential election. They e saying 'whats the use' and are ading Candidate Cox to try to ve their their senators.' It will a bigger Republican landslide an 1904."

SEVEN ARE KILLED TWENTY INJURED WHEN TRAINS CLASH

Trains Meet in Erie, Pa., Yards Near Union Station

THROWN SWITCH CAUSE OF WRECK

Erie, Pa., Oct. 20—Seven per- sons were killed and twenty in- jured, three probably fatally, when New York Central Train No. 60, eastbound, sideswiped Train No. 23, westbound, two hundred feet west of the union de- pot here at noon today.

A switch thought to have been thrown by members of a section gang, working at the scene of the wreck is believed to have caused the accident.

Rips Side Off Pullman.

The westbound train had just left the depto and the eastbound train a Cleveland-Buffalo Express was coasting into the station when the crash came. A car on the eastbound train suddenly leaped from the rails and crashed into the Pulman tearing its steel sides away as if they were paper. The occupants of the car were hurled from their seats and thrown into a mass as the heavy Pullman toppled over with the open side up.

Police and firemen were forced to use ladders in taking the dead and injured from the wreckage. All of the dead were badly man- gled and it is almost impossible to indentify three of the dead un- til the Pullman list can be check- ed up.

The crew of the eastbound train declared that the switch was al- right when they looked at it. Road officials are of the opinion that a member of the section gang, be- lieving the switch open and see- ing the rapidly moving train, threw the lever. Others are of the opinion that as the section gang was working on the switch that they may have loosened the bolts.

WILL MAKE COMPLETE CITY SEWER REPORT

Committee Decides to Enlist Aid of Large Group of Citizens—Full Details Needed Before Recommendations Are Made.

The citizens' sewer committee fhich has been for a number of weeks investigating the sewer situation in Jacksonville, at a meeting yesterday decided upon a definite program.

Acting upon information from their own investigation and from preliminary report by a state engineer from the public health department, the committee has recommended that a complete engineering report on the sewer system of Jackson- ville be made so that the whole subject and the relating condi- tions can be made plain to the people of Jacksonville.

It is estimated that an expendi- ture of $4,000 or $5,000 will be necessary to complete this work during the coming months. Since the city is not now in position to meet such an expenditure, it is proposed to raise a guarantee fund among citizens in the same manner that preliminary work was done for the water project. At that time a group of citizens guaranteed a fund of $5,000 to pay the expenses for making test wells and for other investi- gations relative to the proposed water supply improvement.

The citizens committee held a meeting Wednesday morning at the F. G. Farrell & Co., bank with the following members present Chairman Frank J. Wad- dell; J. F. Claus, Felix E. Far- rell, H. L. Caldwell, H. M. Capps and A. C. Metcalf. Mayor Crab- tree, City Engineer Henderson and Perry White, superintendent of streets, were also present. The secretary read communica- tions from Decatur and Bloom- ington outlining the procedure for the formating of sanitary dis- tricts and a number of letters and a formal report from Acting Chief Engineer Ferguson of the state board of health were pre- sented.

To Employ Engineer.

Mr. Henderson, who has done a large amount of work for the committee in preparing data, was asked how much his department would be able to do in furnish- ing the information that the de- partment of public health says is necessary before the best plan can be outlined for the work in Jacksonville. Mr. Henderson ex- plained that while his depart- ment can do part of the needed work, that it will be necessary to employ a special engineer to make the complete report that is necessary.

It was after hearing and con- sidering this statement and the letters from the state engineer, that the committee decided to provide for the suggested survey and to ask citizens to join in providing this guarantee fund, so that the burden will not be great upon any one, even if the city did not at a later date make repay- ment of the fund expended.

BANKERS CHARGE CLEARANCE SYSTEM ADOPTED BY FORCE

Adopted Resolutions Condemning Meth- ods Employed

BOARD HAD STRONG DEFENDERS

WASHINGTON, Oct. 20 . — While a survey of the financial policies of the government by Sec- retary Houston drew the attention of delegates today at the general session of the American Bankers' association convention state bank- ers, in their section meeting which followed brkought the adminisrta- tion of the federal reserve system under fire. They adopted resolu- tions containing with state banks which are no membes of the re- serve system altho the board did not lack defenders during the discusison.

Indignation against the board's regulation compelling the collec- tion of checks and remittance of the face amounts at par was freely expressed.

Governor Harding was styled a "usurper' of authority and a com- mittee was named to seek amend- ment of the reserve act so as to "guarantee to all bankers the rights and privileges" of fixing a charge on the handling of checks drawn on all excepting local banks.

Employed Force and Coercion.

Speakers declared Governor Harding had "employed' force and coercion by forcing the use of the par clearance system, under which many state banks were said to have been compelled to enter the reserve system or lose certain classes of business. "This was not only unfair but with out basis in law." It was asserted.

Charles DeB Claiborne of New Orleans declared the service ren- dered by the banks in the transfer of checks was legitimate and that the banks were entitled to com- pensation. He asserted that the arrangement ordered by the re- serve board for "par clearance does not make every check worth 100 cents on the dollar because there is nearly always every check worth 100 cents on the dollar be- cause there is nearly alwyas an exchange charge, so the merchant who supports par clearance does not gain anything. It the mer- chants have benefitted by the sys- tem. Mr. Claiborne contended the public has not been able to see it reflected in reduced prices."

The reserve board's staunchest defender was O. Howard Wolfe of Philadelphia, who assertey that abolition orf the clearance and re- mittance charges and establish- ment of the country wide gold set- tlements saved bankers and com- mercial interests $135,000,000 last year.

WILL NOT ENDORSE AMERICAN LEGION

Galesburg, Ill., Oct. 20—Dis- cussion of organizations of for- mer soldiers occupied most of to- day's session of the Illinois State Federation of Labor Convention and, after hearing arguments on both sides, the delegates decided to neither endorse nor condemn the American Legion on the rank and file association. A resolu- tion to endorse Eugene V. Debs as the workingman's presidential candidate was not concurred in and the delegates also voted against granting Parker Long- worth, Liberal candidate for pre- silent, permission to address the assembly, holding that political addresses were not in line with the business of the convention.

The convention voted in favor of maintaining the shopmen's un- ion as opposed to amalgamation with other rail divisions.

SUGAR REFINER REDUCES PRICES

New Orleans, Oct. 20—The American Sugar Refining com- pany here today announced a re- duction in its price for refined sugar from 22 1-2 to 12 cents per pound less two per cent. The reduction it was said applied only to new business and merchants who contracted for October and November deliveries last May and June at 22 1-2 cents will still have to take their sugar at that price, but will be given twelve months to pay.

HEATED DEBATE ON IRISH REPRISALS IN HOUSE OF COMMONS

Government Firmly Resists Demand for An Inquiry

MOTION IS FINALLY WITHDRAWN

LONDON, Oct. 20.—A motion made in the house of commons to- day calSling for a public inquiry into reprisals in reland was with- drawn this evening after heated debate. The government which had firmly resisted the demand for the inquiry, had a large ma- jority in the house at the time of the withdrawal.

London, Oct. 20.—The Irish de- bate in the house of commons to- night resolved itself int oa duel between the opposition and the government, the former demand- ing and the latter resisting an in- dependent inquiry into the repris- als.

The defense of the government sta up by ir Arthur Greenwood, chief secretary for Ireland was that "wihle the Asquithians put the emphasis on the reprisals, I put it on the provocation."

He insisted that no case had been made out for what he char- acterized as Arthur Henderson's insulting resolution demanding an inquiry into the reprisals by the police and soldiers in Ireland.

He incidentally remarked that America was no longer welcoming immigration from Ireland because it did not desire to swell the vast total of disturbing elements in her republic and he declared his in- tention to rake Ireland from end to end, including Ulster, in the search for arms.

KESSINGER COMING TO JACKSONVILLE

Well Known State Senator Will Address Mass Meeting at Court House Tonight.

Senator Harold Kessinger is coming to Jacksonville today and will make an address at the court house tonight at 7:30 o'clock. Senator Kessinger is working un- der the auspices of the state Re- publican central committee and is now devoting all of his time to the campaign. John J. Reeve, vice chairman of the Morgan county central committee, asked the state central committee to assign Sena- tor Kessinger to Jacksonville for a meeting here.

This date was the only one the senator had still open and the committee accordingly arranged for him to be in Jacksonville to- night.

Senator Kessinger is one of the prominent members of the upper house of the Illinois legislature and has made a splendid record there as an advocate of progress- ive legislation. He is not un- known to Jacksonville people as he made an address here last win- ter at the Congregational forum, and has also appeared on other public occasions.

While women are especially in- vited to hear the address tonight, the meeting is open to the public and it is expected that the senator will be greeted by a large audi- ence.

TO EXPORT PRODUCTS ASKED BY BANKERS TO EXPORT RPODUCTS

Want Wilson to Recreate War Finance Cor- poration

DECLARE VERY EXACTING NEED

WAHINGTON, Oct. 20. — A group of bankers attending the na- tional convention here of the American Bankers' Association decided tonight to ask President Wilson to recreate the war finance corporation to aid in exporting cotton, wheat and other agricul- tural products. This action was taken after Eugene Meyer, Jr., formerly managing director of the corporation had explained at a meeting called by the bankers that the funds placed at the disposal of the corporation still were avail- able should these powers be re- stored.

Mr. Meyer's advocacy of a re- sumption of the corporation's ac- tivities was based upon what he declared was a very exactinfi need for the extension of credits. Busi- ness is no longer prosperous Mr. Meyer asserted, adding that un- employment was steadily increas- ing and the a utilization of the corporation now would tend to sta- bilize business and finally, bring about lower prices. Cotton, he said, was merely one industry that had been seriously affected.

WOULD STOP COAL PRICE INVESTIGATION

Wholesale Companies Ask Court for Restraining Order—Denies Companies Asking Excessive Price

Kansas City, Mo., Oct. 20.—A temporary restraining order to stop investigation of coal prices instituted by Francis M. Wilson, United tates district attorney, was asked late today in a petition filed in federal court by I. N. Watson, attorney for four wholesale com- panies.

The companies represented in the petition are:

The Arkansas Fuel Co., Mis- souri & Kansas Coal Co., Superior Coal Co. and the Southern Coal Co.

The petition states that agents of the strict district attorney have attempted to audit books and otherwise pry into the secrets of the business. Publication of such information is sought by the agents, the petition alleges, will be injurious to the private in- terest of the coal companies.

Denial was made that any of the coal companies are obtaining an excessive price.

IHISH VOLUNTEERS FOLLOWED BODY

CORK, Oct. 20.—Seven hun- dred Irish volunteers followed the body of Michael Fitzgerald from Fermoy church today but were turned bask by a strong military force posted at the bridge leading to the cemetery.

Admission to the cemetery was strictly limited to fifty persons, inclusive of the mourners. Sol- diers with fixed bayonets prevent- ed any invasions and there were no disorders. The remaining hunger strikers in Cork jail are still alive but it is reported that Murphy's death is expected hourly.

RECOGNITION SHOULD BE GRANTED MEXICO

Austin, Texas, Oct. 20—There is no any reason for withholding recognition of the new Mexican government, Governor W. P. Hob- by said according to his judgment in a telegram sent to President Wilson late today. The gover- nor added that recognition shuold be granted at once "because it means much to the United States as well as to Mexico and will mean even more now than if postponed to a later date.

Regina, Sask., Oct. 20—Fire in the business section of Wadena, Sask., last night destroyed twelve stores and caused damage esti- mated at $300,000.

GOVERNOR COX SENDS TELEGRAM TO ELIHU ROOT

Wants Him to "Cor- rect" Statement He Terms False

WOULD CONFER WITH SENATE

BRIDGEPORT, Conn., Oct. 20. —Governor Cox of Ohio today sent a telegram to Elihu Root asking him to "correct" what the Democratic candidate declared was a "false" statement in Mr. Root's address yetserday re- garding the governor's position upon the leagu of nations issue. The governor denied Mr. Root's statement that he demands the league "just as Mr. Wilson nego- tiated it," and called upon Mr. Root for a retraction.

In making public his telegram to Mr. Root, Governor Cox issued a statement declaring that Mr. Root and thirty other prominent Republicans signing the recent statement in behalf of Ssenator Harding, the Republican nom- inee were attempting to deceive the voters because they are per- mitting their partisanship to rise above their patriotism and trust- ing perhaps that the last wobble of Senator Harding may be in their direction.

Governor Cox re-stated his pro- posal to accept any reservations "helpful to the league and con- tended therefore that Mr. Root had made a statement which the records show is false."

The governor's telegram in part follows:

"I have invaribly stated in my addresses and re-state here my whole-hearted desire to make the United Staes a member of the league of nations, and that, to secure that consummation for the purpose of America when she entered the war I will accept res- ervations that will clarify, that will be helpful, that will reassure the American people and that, as a matter of good faith will clearly state to our associates in the legue that congress, and con- gress alone has the right to de- clare war and that our constitution sets up limits in legislation or treaty making beyond which we cannot go.

Would Confer With Senate.

"I have stated further that I will accept reservations from any source which are offered in sin- cerity and with a desire to be helpful. I have also stated that if I am elected president my elec- tion can be construed only as a mandate of the American people, and that to secure ratification of the treaty and the league, I would sit down with the mem- bers of the senate; I would con- fer with Mr. Wilson and with you, Mr. Root, as well as with Judge Taft and all others who have a sincere purpose and whose service in the past eqoips them especially as advisers in this work. You know and know full well that Senator Harding very recently said: 'I am not in- terested in clarification; I am in- terested in rejection.'

"As I have stated at the be- ginning I am placing a charitable construction upon your state- ment that your partisanship has prevented you from realizing the destructionist attitude of your candidate; but you have made a statement concerning me which the records show is false and I firmly but respectfully call upon you to correct this statement at once. Mr. Root you have arrived at honorable station in life. Many people trust you. You have no right to deceive them. They want the truth in this campaign. Your conscience will tell youp that duty to it should be superior to duty to your party."

VETERANS TO HAVE MEMORIAL SERVICES

Harrison A. Dickson Post No. 503 will observe Memorial day in compliance with proclamation of President Wilson on Sunday, Nov. 14, 1920. The President has or- dered all government flags at half mast on this date and all towns are asked to properly observe the day. The churches of Jackson- ville will be asked to unite for this Sunday morning service that the proper respect may be paid the 35,000 soldier dead of the U. S. in this World War.

The Service Star Legion has united with the veterans and co- operate in this memorial service Mr. Raymond Allen is chairman of the veterans committee and will be glad to co-operate with any other organizations desiring to take part in the service.

Harrison A. Dickson Post has also secured the K. C. hall and will give a grand public Thanks- giving ball on Thanksgiving night. The Service Star Legion will be hostesses and have charge of the refreshment stand. The public is cordially invited to both the memorial services and the ball.

A BEAUTIFUL GIFT.

WANDERER TAKES STAND, DENIES HE KILLED HIS WIFE

Prisoner Recites Details of the Tragedy to Jury

SAYS HE LIED TO PROTECT COUSIN

CHICAGO, Oct. 20.—Carl Wan- derer testifying in his own de- fense at his trial for the murder of his wife today declared he was innocent and repudiated the sign- ed staement in which he confessed to slaying his wife, their unborn child and a vagabond he said he hired to stage a mimic holdup and thnus divert suspicion from him- self. He said the confession was wrung from him by "bullyragging and violence."

Before Wanderer took the stanr Dr. William Hickson, head of the psychopathic hospital, test- ified the denfendant was insane and had the mind of a 10 year old child.

Wanderer Tells Story.

"Ruth (his wife) and I went to a picture show," Wanderer testi- fied. "On the way back I noticed a ragged strange following us, but thought little of it until later when I recognized him as the man I had shot. Ruth went into the vestibue in the hallway ahead of me. I could see the outlines of a man but before I could do any- things be began firing. I drey my revolver and emptied it in his direction."

"Did you shoot your wife?" he was asked.

"No. sir; I did not shoot my wife," said Wanderer.

Wanderer then told how his mother-in-law had come to the door and found him astride the stranger beating him with a gun."

Questioned about the two pis- tols found at the scene of the shooting, each an army revolver, he said he "had lied at the cor- oner's inquest" when he denied knowledge of the stranger's weap- on. He recognized it as his cous- in's he said, and "lied to protect his cousin Fred."

ALASKA FLEET OF AIRPLANES REACH STARTING POINT

Complete Round Trip from Mineola to Nome, Alaska

WILL RECOMMEND PERMANENT SERVICE

MINEOLA, N. Y., Oct. 20.—Escorted from New York to Mine- ola by an aerial fleet four Ameri- can army airplanes today com- pleter a 9,000 mile round trip to Alaska which they started July 15.

So enthusiastic was Captain St. Clair Street squadron commander, over the success of the aerial sur- vey by his "ships' that he an- nounced tonight his intention of recommending to the war depart- ment that te route be established by the army fliers from Mineola to Nome, Alaska be made permanent.

With his seven companions on the long ight Captain Street will leave tomorrow for Washington where an official reception has been arranged in their honor. Later they will submit detailed reports.

The aviators told many inter- esting stories of their trip. At some landing places along the way game was plentiful and fresh meat was always avilble. The fliers sighted herds of rein- deers nd caribou and often saw bear, mountain sheep and other game. A school of white whale and many seals were sighted in the Bering Sea. From the air also they saw Indians take flight on approach of the planes.

The mchines took 16 days on the trip west and 15 for the re- turn altha the actual flying time was much less.

FEDERAL JUDGE APPOINTS RECEIVERS

NEW YORK, Oct. 20.—Fed- eral Judge Mack today appointed Vincente B. Villa, of Columbia, South America, and Lawrence Beresen receivers in equity for Vasquez, Correas and Company, Inc., New York coffee exporters and importers. The concern's liabilities were given at more than $5,500,000 of which it is al- leged that $1,500,000 are unse- cured.

Theodore K. McCarthy, coun- sel for the company, a Delaware corporation,, issued a statement saying that the concern had been compelled to consent to the re- ceivership because of the unusual decline in the coffee market and unsettled financial conditions in South America.

MEXICO WANTS TO BE RECOGNIZED

Washington, Oct. 20—Robert o V. Pesquiera, newly appointed confidnetial agent in Washington of the De la Huerta government in Mexico arrived in Washington today to lay the foundation with the statedepartment for a re- quest for recognition of the pres- ent regime in Mexico. He denied that George Creel, former chair- man of the comittee on public in- formation, who accompanied him to Mexico City and back to the United States was on any official mission for the United States.

HARDING REPLIES TO CHARGES OF INCONSISTENCY

Offers Reward for Specific Evidence of Change

SAYS AMERICA WILL PLAY HER PART

JACKSON, Ohio, Oct. 20.—Replying to Governor Cox's charges of inconsistency on the league o fantions issue, Senator Harding offered in a speech here today to "give a reward" to any- one who would produce specific evidence of a change of position since he accepted the Republican nomination for the presidency.

Mr. Harding also asserted that if he had no specific plan for a world association, the same was true of Governor Cox, who had not told the people what reserva- tions to the Versailles covenant he was willing to take.

"I do not believe in very much of the president's league," said the Republican nominee, "and if the Democratic candidate wants to regard this as my thirteenth change, I give him notice that I have one more yet to give him, because, you know, I am entitled to fourteen."

Will Give Reward

"But as a matter of fact, I will give a reward to any man in America who can take my utter- ances on world politics from my speech of acceptance down to the speech I am making at this hour and point out any inconsistence or change of position. I have said from the beginning that we wouldn't have the Wilson coven- ant and I say that to you again now. But I have said repeatedly that America will gladly play her part in a suitable association of nations which does not involve the surrender of American sovereign- ty, which is built upon the ideals of justice rather than force; and I say that again.

"I have not, of course, specified just how we would do it, because I am going to be called upon to make good. But, my countrymen, never with Article 10 the heart of the league. That is a heart of steel under a coat of mail, while we want a heart and soul of justice for a better order in the world."

The senator's reference to the league was made in the course of a speech at the Republican bar- becue here attended by several thousand people from southern Ohio and neighboring staees. Im- mediately afterward he left on a special train for Rochester, N. Y., where he will speak tomorrow be- fore winding up his campaign trip with a night meeting at Buffalo.

STRIKE SITUATION REMAINS UNCHANGED

Have Hopes of Settlement Soon—Work to Avert Railroad Strike.

London, Oct. 20.—(By The As- sociated Press.)—The day brought no new developments in the coal strike, neither side to the dispute making any approach to the other and no outside mediation was in- stituted.

It is still hoped that the propos- a lof William Brace, president of the South Wales Miners' Federa- tion may eventually lead to re- newed negotiations but it is ad- mitted that it must be first adopt- ed officially by the miners execu- tive which has so far been impos- sible as the members of the ex- ecutive committee are scattered all over the country.

Advocacy by some extremists of withdrawing the put ers from the mines finds i supporters among the miners generally. Robert Smilie and other leaders are strongly against it.

Renewed efforts were made at the ministry of labor today thru negotiation by the parties con- cerned to avert a strike in rail- roads and the transport industry. The negotiations, however, were adjourned until tomorrow.

INTERESTING PHOTOGRAPH

T. M. Tomlinson has in his win- dow an interesting picutre of a number of delegates to the good roads convention which recently met in Minneapolis. Some of the Jacksonville contingent didn't happen to be on hand when the photogapher took the negative and so failed to get into the group. They are a fine looking body of men generally.

Secretary Daniels charges that Senator Harding has a different idea every day. After all, that's quite a satisfactory charge. There are too many men with only one idea who become so consumed by one thought that other matters of equal importance are bounced out of their minds and activities.

BELIEVED IN ASSOCIATED CHARITIES WORK.

J. F. Humphreys, millionaire wholesale grocer of Bloomington who died recently left the larger part of his estate to charitable and philanthropic work. The sum of $300,000 was set aside for the Associated Charities of Bloomington. This act on the part of Mr. Humphreys provides a fine memorial and gives evidence of his belief in the practical workings of the Associated Charities organization.

There is no doubt but that the Associated Charities work when properly handled avoids duplication of giving and also prevents contribution to dependency which sometimes results from indiscriminate giving.

MR. ROOT DISCUSSES THE PARAMOUNT ISSUE.

The address of Elihu Root on the League of Nations can rightly be counted a masterpiece in the discussion of this problem. Mr. Root speaks with authority for he has an international reputation as a statesman and a known grasp of international law possessed by very few men.

He charges that the U. S. is not a member of the League of Nations because President Wilson was unwilling to make the slightest change in the plan to which he had agreed. There was nothing of vituperation or vindictiveness in Mr. Root's statements. He speaks with respect and moderation of the president's course but at the same time makes it clear that the president erred in his course. The inference is plain that the wrong course has been pursued, but that Mr. Wilson should not be blamed since he has the perfect right, along with other mortals, to make mistakes.

But aside from these statements, the former secretary of state discusses the question in such a lucid way that more light is shed upon it than can come thru the statements of a dozen other worth while men but not so well versed in international affairs.

CHEER UP

A year ago there was need for caution—that fact was repeatedly pointed oua in the magazine of Wall Street which now offers the following message to the public:

But today—

"The effect of caution has largely been realized. Whereas the dollar of yesterday was worth less than 50 cents, it as approaching its full value.

"Now is the time to build firmly and substantially. Practical judgement based on common sense, high ideals and faith unimpaired by fear will carry the business man of today ahead farther than ever before.

"It is well known that the security market forscasts business conditions three to six months in advance. Large investors are buying bonds which means that the big corporations will have money to spend for materials, supplies, wages—money which will gradually percolate through all the chancls of enterprise.

"Our judgement, based on 32 years of financial experience and observation, on facilities for interpreting the trend of events which are probably unexcelled by any other arganization, and on the researchers of a large staff of trained investigators covering not only financial conditions but also leading industries thruout the country—our judgment is that the money situation will show decided improvement by December; that security markets are already discounting and looking forward to the better conditions which will come in 1921; and that business men should now lay their plans for increased activity and more aggressive policies next year.

"We offer this message to the business world in the hope that it may be of service."

TO INVESTIGATE POSTAL SERVICE.

The Bloomington Pantagraph says that the country will be gratified to learn that the government has hired efficiency experts to investigate the postal service from top to bottom and find out where and how that service can be improved. These experts have been ordered to consider construction of post offices as "workshops instead of monuments," and to recommend ways of effecting "economies in cost and expedition in the handling of mail." Every detail of the postal service will be subjected to the closest scrutiny of the efficiency engineers and the investigation will be under the supervision of the joint congressional commission on postal service of which Senator Townsend, of Michigan, is chairman.

It is said that three years or more will be required to complete the task. The beginning is to be made where the postal business is seaviest—in New York and Chicago, while smaller cities, towns, villages, hamlets and the rural delivery will be examined in order, in addition to ways and means of transporting mail between them. The investigation will include a thoro scrutiny of the civil service by which many of the postal employes are hired, promoted and discharged. Facilities for moving mail between post offices and trains are scheduled for early examination. Branch stations which the joint commission on postal service reported "are now leased at an abnormal rental and might be government-owned," are to be examined and the advisability of a separate handling of parcel post and first class mail determined.

The report of the commission has this to say: "Claim has been made that because of the handling of parcel post mail with the regular mail, delay has been caused to the important first-class mail. It has been suggested that the separate handling of this parcel post mail in bulk, with a distribution at terminals, might very well be made. The investigation, therefore, would cover the advisability of making this separation. Parcel post mail is at a very cheap rate, while the first-class mail is at a rate that yields the government its highest revenue." It is to be hoped that this investigation will be started and pushed to a conclusion as soon as possible and that it will result in great improvements in the postal service.

SELF-PRESERVATION THE FIRST LAW OF GOVERNMENTS

That Senator Harding's stand on the pardoning of prisoners convicted of crimes against the government has greatly strenthened him, is the opinion of the Republican Publicity Association.

"In none of his other utterances has Senator Harding commended himself more strongly to the good sense of the American people than in his remarks at Omaha on the subject of a proposed 'general amnesty to political prisoners.' Said Senator Harding 'I have been asked many times during this campaign whether I would grant general amnesty, as it is called, to political prisoners. My answer, I trust, is clear. I would say no.'

"On this as on other subjects, Harding goes straight o the point and is unevasive. He makes no bid for the I. W. W. vote. He holds out no hope to the anarchist. He gives no slightest encouragement to the seditionist. He is for enforcement of law—law founded upon justice and perpetuation of orderly government.

"Mr. Harding's statement is not a declaration that he favors punishment of all who may be imprisoned on a charge of crime against the government. He specifically says, 'If there are political prisoners who are being punished unjustly, * * * I shall want to take immediate action to restore justice to such men and women, precisely as I will wish to give freedom to any man or woman who has been unjustly accused of ordinary crime.'

"'Political prisoners' and 'general amnesty' are terms which the enemies of American government have been using to mislead people unfamiliar with the facts. There is no such thing as a 'political prisoner' under the laws of the United States and the jurisdiction of our courts. Clever propagandists have used the term in such manner as to convey the impression that there are such prisoners in the same sense that men and women were made political prisoners in Russia. Probably not many people were deceived. It is true that under the present administration of the Department of Justice, it has been charged that men have been arrested on inadequate evidence and held indefinitely instead of being accorded that speedy trial which they are guaranteed by our Federal Constitution. If there are any such prisoners, they are held in violation of law, and will be given relief under Senator Harding's pledge to 'take immediate action to restore justice' as in any other case.

"Self preservation is the first law of nature. It is also the first law of governments. Unless the government be preserved, no personal or property right can be safe from the aggressions of combined greed and brute power.

MAN AND HIS JOB.

From Massachusetts comes the news, "The labor market's glutted;" and many workers have the blues who lately pawed and strutted. Then toilers were in such demand that they could name their wages; there never was a snap so grand in all the bygone ages. A silken shirt that cost much kale adorned the haughty tinner, and in a diamond studded pail he packed his princely dinner. The blacksmith's wife in royal furs, went gadding here and yonder; a stately limousine was hers, which made the banker ponder. It couldn't last, this sort of thing, it jarred all sense and reason; a janitor may ape a king—but only for a season. And now the earnest student sees the signs of sense grow plainer; we're getting back by slow degrees to better times and saner. We've looked on labor with a frown, we've been so independent, as we went lolling through the town, in garments most resplendent. We've seen employers on their knees, beseeching and imploring, that we would help them put up their cheese, their briny teardrops pouring. And now they're standing on their feet, and if we'd earn their money, we have to seek them, lokking sweet, and cut out tantrums funny. To saner, wiser thingumbobs we go, by easy stages; soon men will learn to guard their jobs, and prize their weekly wages.

FROM MICHIGAN.

Mr. and Mrs. Ensley Moore returned Tuesday night from a visit in Michigan, where they saw their son, W. W. Moore, in the vicinity of Traverse City.

The friends of Mrs. Julia Hoyt Moore will be sorry to know that her health has been but little benefitted of late.

The trip from Grand Rapids to Traverse City was one of the finest possible, in view of the wonderful leaf painting with which nature has adorned the forests this season. This is shown not only on the trees, but so much of that region is cut over land, that is covered with sprouts growing up from the stumps, which carpets the ground with wonderful hues and tints. It alone was almost worth the price of the excursions to gaze upon the marvelous scenes, interspersed as they were with the beautiful clear streams of water, and small ponds with which that Northland abounds.

The apple crop is good this season, but the price is so low to the growers, and the cost of freighting and containers is so high, that the life of the business is taken out.

The same unusual climatic conditions obtain this Fall, in the Peninsula state as have prevailed here, and while our travellers feared to go north so late, they found the weather delightful.

It may be that our people who make annual sojourns in the lake region get used to the differences in scene and people between there and this or the further West, but things are certainly very different, and, on many accounts both interesting and amusing to the Central Westerner.

It may be superfluous to tell our people of the handsome, good sized city called Traverse, and its bays and peninsulas and bluffy hills. Yet it illustrates the value of travel in giving one different views and ideas—not across seas or the continent, even—but in the comparatively short distance, of about five hundred miles.

Gov. Cox and Mr. Roosevelt had a good big meeting at Traverse City, on Monday. But, as their train pulled out, the gate-keeper remarked:

"All the same, the Republicans are going to carry the election!"

We just received another carload of that good gasoline. Point test under 450, gravity 60. For sale at Auto Inn and Zahn's Garage, 30c.

WOODSON SCHOOL NOW HAS PLAYGROUND

Equipment Recently Installed — Supervised Play is Part of Present System — Other Woodson News Notes of Interest.

Woodson, Oct. 19.—The school here has recently installed a play ground equipment consisting of one slide, five swings, two rings, one trapeze and four teeterboards. The board and patrons of the school have long felt the need of such an addition to the school equipment but conditions have never been such that the proposition could be carried to completion. The playground is continually under the supervision of one of the teachers and the children are able to enjoy themselves in their play and yet have the advantages of supervised play. Altogether we feel that Woodson school having in mind the physical benefits to be derived from a play-ground has acted wisely and for the best interests of our boys and girls in establishing this playground.

FORMER SLAVE NOW WEALTHY

Atlanta, Ga., Oct. 19—Born a slave and now reputed to be one of the wealthiest and most respected negroes in the south, David T. Howard, 71, today celebrated his golden wedding anniversary and gave some advice to members of his race.

Beginning on a legacy of $159 left by his former master, Howard now has a good business.

"I never wasted time; I never went in for wild oats, never saw a baseball game and never danced but always attended to my business," he said. "No social equality for me; no sane thinking negro wants it."

The negro today, Howard said, wants better justice in courts, better accommodations on railway trains and more schools.

"Too many silk shirts and too much good time," said he, "causes racial unrest."

ADVOCATE PEAT AS SUBSTITUTE AS PAPER

Chicago, Oct. 19—Peat, grown in Whiteside and other Illinais counties was advocated as a possible substitute for print paper by Will V. Tulford of Clinton, Iowa in an address today before the Inland Daily Press Association convention. Mr. Tulford said a slight chemical treatment of peat enabled a high grade print paper to be made from it at low cost.

NATIONAL BISCUIT COMPANY

Make your silk underthings really last

YOUR soft satin chemises, crêpe de Chine nightgowns, frilly petticoats. Ribbons and lace and chiffon to your heart's content—only do take care of them. Wash your silk things the gentle Lux way and see how long you can make them live!

It is perspiration that is the great enemy of silk. It actually eats the delicate silk fibre. Every minute that rather expensive camisole spends in the hamper is making its precious life that much shorter, turning its dainty pink such a sad yellow.

Don't let your nice silk things be ruined! It is so quick, so easy to save them with Lux. Just sousing in the pure bubbling suds and pressing of the suds through the soiled spots.

Dip your silk underwear in Lux suds after every wearing—it will last three times as long. Your grocer, druggist or department store has Lux. Lever Bros. Co., Cambridge, Mass.

How you should launder silk underwear

Whisk one tablespoonful of Lux into a lather in very hot water. Add cold water till lukewarm. Press suds through—do not rub. Rinse in three lukewarm waters. Squeeze water out — do not wring. Roll in towel. When nearly dry press with a *warm* iron, gently shaping glove silk or georgette crepe.

No such solvent as Lux for silk underwear

FRANCE HAS SMALL CHANGE FAMINE

Paris. — (By The A. P.)—The small change crisis still remains very acute in France despite the issue of fifty-centimers and one and two francs notes and it has been definitely decided to issue bronze tokens, the first of which will be placed on the market some time this month.

The Paris chamber of commerce has issued 40,000,000 francs worth of small notese but many have become soiled and torn and a large amount of the issue has found its way into the providences where, technically, it has no value. Silver change has disappeared.

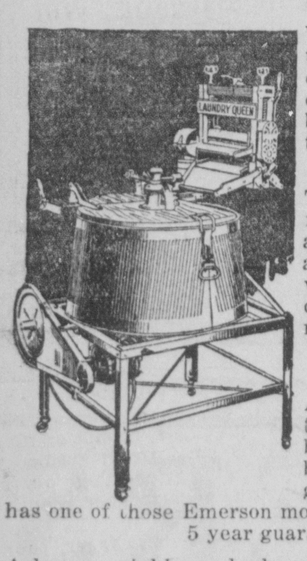
The Aristocrat of Electric Washers
The Laundry Queen with the Copper Tub



Washes and wrings at the same time, wrings out of one batch of clothes while another is being washed—washes twice as fast as other marhines.

The washing mechanism moves into your rinse and blue tubs and does all that work. The wringer swings over the different tubs so you need never shift or lift a tub until the wash is out.

And the cost to operate this washer is less than burning a 75-watt lamp because of its planetary gear transmission and it has one of those Emerson motors; the ones with the 5 year guarantee.

Ask your neighbor; she has one. Mesdames Phillip Griggs, E. H. Doolin, J. C. Walsh, S. G. Chumley, J. O. Priest, Louis Mastropietro, W. F. Thompson.

Step in and let us show you one of these wonderful machines, a copper tub washer, for $115.00. Think of it.

WILL USE OIL IN TUBERCULOSIS FIGHT

Believe Chaulmogra Oil Used in Arresting Leprosy Can Be Used in Fight Against Tuberculosis.

Washington. — Refined chaulmoogra oil which experts of the government Public Health Service say has arrested the progress of leprosy is soon to be used by them in the fight against tuberculosis. The experiments with tubercular patients will be conducted in Hawaii.

Dr. J. T. McDonald, superintending physician of the leprosy investigation station at Kalihi in Honolulu, with Dr. A. L. Dean, chemist and president of the University of Hawaii, will start the fight against tuberculosis, at the same time continuing their work against leprosy.

No concrete result of the use of the chaulmoogra oil in tuberculosis cases has yet been reported to the headquarters of the public health service here ,but from their investigations with tubercular bacilli isolated from a patient, Drs. McDonald and Dean have hopes of successful treatment of patients themselves.

The bacilli of leprosy and tuberculosis, according to government scientists, have been found to have similar characteristics, and the fatty acids of chaulmoogra oil seemingly have proved poisonous to the leprosy bacillus. This is the basis for the scientific hope that these acids likewise will be deadly to the germ of the "white plague."

Dr. McDonald has not yet made any formal report of his work with the tubercular germs to officials here, but unofficial reports from Honolulu quote him as saying that scientists at the University of California have discovered that the fatty acids of chaulmoogra oil are bactericidal to an acid-fat bacillus, in which class are the leprosy and tuberculosis bacilli. The inference, according to the doctor, is that what has been done to end the dread of leprosy may possibly be repeated to relieve the world of tuberculosis.

The public health service maintains a tubercular hospital in Hawaii separate from its leprosy stations, and the experiments with tuberculosis are to be conducted at the former. Health officials here refrain from any prediction of results, but express hope that chaulmoogra oil will prove a specific for curing tuberculosis.

This is the Stove Polish YOU Should Use

IT'S different from others because more care is taken in the making and the materials used are of higher grade.

Black Silk Stove Polish

Makes a brilliant, silky polish that does not rub off or dust off, and the shine lasts four times as long as ordinary stove polish. Used on sample stoves and sold by hardware and grocery dealers.

All we ask is a trial. Use it on your cook stove, your parlor stove or your gas range. If you don't find it the best stove polish you ever used, your dealer is authorized to refund your money. Insist on Black Silk Stove Polish. Made in liquid or paste —one quality.

Black Silk Stove Polish Works
Sterling, Illinois

Use Black Silk Air-Drying Iron Enamel on grates, registers stove-pipes—Prevents rusting. Use Black Silk Metal Polish for silver, nickel or brass. It has no equal for use on automobiles.

OLD SHAVING BRUSH DOOMED

Even Lather and Rubbing Are Now Passe.

Up-to-date Men Are Using Barbasol for Shaving.

Life is truly becoming simpler. Another "habit" has been found a fallacy. All these years men have thought the shaving brush a necessity. With it we have wasted hours of our valuable time working up the lather on our beards preparatory to the daily shave.

Now, they say, this was lost motion; a waste of time.

The shaving brush is dangerous, carries germs of fatal disease, such as anthrax.

And, the alkali, which must be a part of soap in order to make lather, irritates the face and makes it sore.

Barbasol, the antiseptic beard softener, does away with all these, makes the skin healthy and free from all shaving irritations, smart, and soreness, and gives a better shave.

All druggists sell Barbasol.

If your druggist hasn't Barbasol it will be mailed to you on receipt of price, 35 cents, and druggist's name. Made only by the Napco Corporation, Indianapolis, Indiana.

ENGLISH BATTLE SHIPS WILL CARRY BADGE

LONDON.—(By The Associated Press.)—Since ths days of elaborately carved figureheads, now only seen in naval museums, no British warship has carried an official badge but now an Admiralty Committee, with an "heraldic adviser,' has revived the ancient insignia in another form.

Each Britsh man O'War has now been granted a duly authorized badge, to be fixed in wood or brass on the quarter deck, and on either bow of its boats. Badges have been designed to represent the name of the vessel pictorially, or, when that was impossible, to embody some device connected with itse history.

The Venturous sports a badge representing two dice; Sportive has a butting goat; Tactician, a cess knight; Tormentor, a flea; Spitfire, a cat with arched back; Inconstant a butterfly; Sesame, a key; Sterling the pound mark (£), and Watchful, an eye.

Major Charles Floulkes, of the Royal Marines acts as heraldic adviser.

SOVIETS HAND BIG WHEAT CROP

Berlin. — The Russian soviet republic has about 180,000,000 bushels of wheat at its disposal this year, according to a statement made to the Red Flag, a local communist organ, by Dr. Schlowsky who has arrived here from Moscow.

Schlowsky is said to be in the soviet's diplomatic service and was formerly a legation counsellor in Berne.

He says that 225,000,000 bushels of wheat are nominally needed to feed Russia but the government is confident it will pull thru the coming winter.

The food and transport situation he said said is also showing improvement.

Dr. Schlowsky said that General Wrangel commander of the troops fighting the bolsheviki in Southern Russia, would be disposed of within a few weeks. He added that, while General Wrangel's forces were estimated at slightly more than 100,000 his reliable fighting army consisted of only 60,000 chiefly former troops of General Denikine who was defeated by the bolsheviki.

DIVORCE IS EPIDEMIC IN POMERANIA

Berlin. — (By The A. P.)—A divorce epidemic has broken out in Pomerania, according to the newspapers. The number of divorces there in the last six months, it is stated, exceed those before the war by 600 per cent. Wives complain that husbands are lazy and will not work and support them. Aggrieved husbands charge that wives neglect the home and are given to spendthrift habits.

ILLINOIS COLLEGE READY FOR CARTHAGE

Coach Harmon Has Been Working Blue and White Squad Hard the Past Week—Game Will Start at 3:15.

Coach Harmon's Blue and White squad is ready for the game with Carthage on Illinois field Friday afternoon.

During the past week Harmon has been working the men hard to eliminate the defects in team play apparent in the Normal game. The coach was not satisfied with the work of the line in the Normal game and his attention has been directed largely to defensive play.

All of the men are in good shape except Fanning and Gunn. Fanning is suffering from an infection of his leg. Gunn received bruises in the Normal game and Burrus will play his position at guard.

Coach Harmon announced last night that the game would be started promptly at 3:15 o'clock. John Larson will referee. The umpire will be Benjamin of Illinois Normal and Mitchell of Illinois college will act as head linesman.

The following men will start the Carthage game: Witaschek, le; Iftner, lt; Burrus, lg; Fiedling, c; Andrew, rg; Reid, rt; Mellen, re; Cully, qb; Barnes, lh; Scott, rh; Rogers, fb.

NO PRIVATE PLEDGES MADE BY SMALL

Candidate Tells Southern Illinois Audience Hs Is Free From Entangling Promises.

DuQuoin, Ill., Oct. 20.—In his swing thru Southern Illinois on the Republican Special today, today, Len Small, candidate for Governor, declared that no man ever became Governor who was so free of pre-election pledges as himself. The only pledges he has made, he asserted, are those made on the public platform.

"If I am elected governor of Illinois," Mr. Small said, "I will give the people an honest, economical, efficient and humane administration. I will try to secure for the state a dollar in value for every dollar spent. I will serve all the people to the very best of my ability and keep every pledge I have made before the primary.

"And right here it might be proper for me to say, my friends, that every pledge I have made has been made publicly. I have made no secret promises or agreements with any man or combination of men."

At every stop the train has made since it started out Monday morning from Chicago, it has been greeted by large and enthusiastic crowds. All of the state candidates are on board and all of them are introduced at every stop.

Among the speakers is Colonel Oscar Carlstrom of Aledo, one of the defeated candidates for Governor. In all of his speeches he urges the people to support the entire Republican ticket.

Majority Rules.

Colonel Frank L. Smith of Dwight, Chairman of the State Republican Committee, presides at all of the meetings.

"There is an unwritten law in the Republican party" Colonel Smith says, "that when a man goes before the people of his state or his nation and asks suffrage at their hands, there is but one thing to do, whether he is successful or unsuccessful, and that is to get in the party rank and help elect the candidates the majority of the people nominated at the primary. Majority rule is the genius of government and it must be recognized."

Women voters should be for the Republican party,, Colonel Carlstrom said, because it is thru the Republican party they have been given the right of suffrage.

"Out of the first 35 states that ratified the woman suffrage amendment,' he explained, "29 of them were Republican states."

Congressmen Richard Yates and William E. Mason are devoting their attention, in their addresses to national issues, and especially to the League of Nations, that they declare is in fact a league of war.

Fred E. Sterling, candidate for lieutenant governor and at present state treasurer; Louis L. Emmerson, candidate for re-election as Secretary of State; State Auditor Andrew Russel, candidate for re-election; Charles W. Vail, candidate for re-election as clerk of the Supreme Court and William B. McKinley, candidate for United States senator are accompanying the train and making speeches at many stops.

The train this evening stopped at Mt. Vernon for the evening meeting and tomorrow evening will end up at Danville.

REPUBLICANS PLAN COUNTY CAMPAIGN

Speakers Will Travel in Auto Parties Next Week to Hold Meetings in Various Pecincts.

Beginning Tuesday night of the coming week Republican speakers will make a drive thruout Morgan county, in accordance with the plans formulated by Chairman Wemple and his associates on the Republican central committee.

MAZOLA

No smoke in your kitchen

MAZOLA does not smoke up your kitchen when frying—as do lard and compounds.

Besides its economy, Mazola is more readily digested than any hard fat.

It is a pure *vegetable* fat and absorbs no odors nor flavors from the foods fried in it. It can be used over and over again; even after frying fish. Merely strain, and it is fresh as just bought.

Once you try Mazola *you* will prefer it to lard and compounds.

CURED HIS RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me, Eugene M. Pullen, Carpenter, 517G Marcellus Avenue, Manasquan, N. J. Better cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.—Adv.

MILDRED D. WHITLOCK WEDS MISS DUNNIWAY

Son of Mr. and Mrs. H. T. Whitlock and Miss Thelma J. Dunniway United in Marriage Wednesday Afternoon.

Mildred Dunlap Whitlock and Miss Thelma J. Dunniway, both of this city, were united in marriage at three o'clock Wednesday afternoon. The ceremony was performed by Rev. W. H. Marbach, pastor of State Street Presbyterian church, at his residence on Caldwell street. The young people were attended by George Lewis and Miss May Blakeman, both of Murrayville.

Mr. Whitlock is the elder son of Mr. and Mrs. H. T. Whitlock of 741 South Church street, this city. He is a young man of sterling worth. After completing the common school courses in his home county, he attended the Murrayville high school and then taught school two years. Later he came to Jacksonville and now holds a position with the American Railway Express Co.

The bride is the only daughter of Mr. and Mrs. J. L. Dunniway of 1016 South Clay avenue. She is a young lady of excellent character and charming personality. After graduating from the Murrayville high school she taught school for two years in this county, and later accepted a position with the Cloverleaf Insurance Co. of this city, which she now holds.

Following the ceremony Mr. and Mrs. Whitlock departed for the west via the Webash for a few days' visit with relatives. They have the best wishes of a large group of friends.

FUNERAL MANNERS OR ETIQUETTE

A man was remarking yesterday on the indifferent manner in which funeral processions are regarded in this country. In the rush and haste of the present day there is hardly time for the way they used to attend to this matter in England and Scotland. The The writer has heard elderly natives of that country say that when a person met a funeral procession he would remove his hat and stand respectfully till it passed by. Vehicles would be stopped and marks of respect shown. Perhaps that is asking or expecting too much yet one failing of the present day is too little veneration for sacred things.

Daily Market Report

HEAVY SELLING OF WHEAT WEDNESDAY

By Associated Press.

CHICAGO, Oct. 20.—Bearish views regarding Secretary Houston's addres before the bankers' convention in Washington led to much selling of wheat today and to a sharp decline in prices. The market closed unsettled at the same as yesterday's finish to 2¼ lower with December $2.03 to $2.03½ and March $1.95 to $1.95½; corn closed 1¼ net lower to ¼c advance, and oats off ⅜c to 1⅛c. In provisions the outcome varied from 5c setback to 27c advance.

At first, the wheat market showed a decided upward tendency as a result of prospects that the British coal strike would be settled and growers' predictions that rural of sales wheat would be cut off and on and after Oct. 25. However, all gains were more than counterbalanced in the last part of the day when the substnce of Secretary Houston's address became known.

Corn and oats like wheat displayed firmness early but later were despressed by eastern selling. Big breaks in quotations and big breaks on hogs did a good deal to make provisions average lower.

STOCK EXCHANGE WAS A TRADERS' AFFAIR

By Associated Press.

NEW YORK, Oct. 20.—Business on the stock exchange today was almost wholly a traders' affair, neither the long nor short account having any appreciable advantage at the firm but sluggish close. Practically the same factors which served to restrict operations during the early days of the week were again in evidence notably the British industrial crisis and manifold indications of a reactionary trend in many lines of domestic commerce and indstry.

Interest was manifest in the semi-annual meeting next Friday of the American Iron and Steel Institute. In financial as well as industrial quarters it was understood that the policy of some of the largest producers for the coming year then would be outlined.

Oils, rails, shippings and equipments backed and filled within a radius of 1 to 4 point motors, utilities and sundry specialties moving in like manner with sugars, textiles and chemicals. Aside from pool support and short covering in some of these issues the market was dull and most often featureless, except for pressure directed against international paper, American writing paper preferred and Union Bag. Sales amounted to 475,000 shares.

Conditions in the foreign exchange market were mixed, the London rate rising about 4 cents over its recent low, with concurrent steadiness in Paris remittances and irregularity to the Scandinavian centers.

Trading in bonds was moderately active, liberty issues showing firmness, with slight reactions in the rest of the American group, also internationals.

Total sales (par value) $14,-6500,000.

LOCAL MUSIC LOVERS GO TO SPRINGFIELD

More Than Hundred Local People Hear Grand Opera as Presented by Chicago Grand Opera Opera Co. in Springfield Last Night.

Fully 100 music lovers of this city and community went to Springfield yesterday to hear grand opera as presented by the Chicago Grand Opera Co. It was the most representative group of citizens which ever went from this city to Springfield to attend a musical event. The large representation was due principally to the fact that this is the most important musical event ever given so near Jacksonville.

Mrs. Helen Brown Reed, who was in charge of the sale of tickets locally, stated yesterday that she was very much pleased with the results. An effort was made to secure a special train for the trip but this was found to be impossible and so automobiles and the regular trains carried Jacksonville people to the capital city.

Various nearby towns were also well represented. Beardstown, Bluffs and Virginia being among those which sent delegations.

Last night two operas were presented, Cavalaria Rutsicana and Pagliacci. In the former Rosa Raisa, dramatic soprano, was the star and in the latter Titto Ruffo, baritone, appeared together with Marcella Craft, an American singer who has gained all of her experience in Germany.

Many will remain in Springfield for the grand opera tonight and others will go over today. Pravi-ata is to be presented tonight with Freda Hempel as the star. Miss Hempel is said to be as great a singer as Galli Curci. Bonci of the wonderful tenor voice will also sing tonight.

Among those who went to Springfield yesterday were Mrs. Helen Brown Read, Mrs. G. W. Brown, Mr. and Mrs. W. Barr Brown, Mrs. E. E. Crabtree, Miss Mary Wadsworth, Mr. and Mrs. Walter Ayers, Mr. and Mrs. J. L. Johnson, Miss Ethel Wylder, W. E. Kritch, Edmund Munger, Miss Carrie Dunlap, Roger Carter, Miss Lorene Deweese, Arthur Fairbank, Miss Florence McKnight, Thomas Worthington, Morrison Worthington, Miss Ella Minter, Mrs. Mae family, Mrs. Abe Weihl, Miss Alice Mathis, Mr. and Mrs. R. W. Woolslon, Miss Ella Minter, Mrs. Mae Black, Mr. and Mrs. Carlton W. Taylor, Mrs. Helen Ayers Bullard, Miss Virginia Bullard, Mrs. T. J. Pitner, Miss Upham, Mrs. Lillian King, Miss Eloise Capps, members of the faculty of the Illinois Woman's college, fourteen young men from Illinois college; ten girls from the Woman's college, Mrs. Helen McDougall James and a group of blind children.

Deaths

Bowlby

Mrs. Sarah Bowlby died at the Old People's Hohe at 3 o'clock Wednesday morning. She formerly lived in Chicago and had been an inmate of the home since 1911.

The remains were removed to Reynolds mortuary and prepared for buriel. It is not known what funeral arrangements will be made until the arrival of relatives who are enroute here.

Spears.

J. B. Beekman of Pisgah received a message Wednesday afternoon advising him of the death of his cousin, Yates Spears, which occurred at an early hour Wednesday morning at his home near Petersburg. The deceased had been in ill health for some time and his death was therefore not unexpected.

Mr. Spears was a resident of this city for a number of years, the family home being on South Main street. He left Jacksonville three years ago to return to his former home in Menard county. He was about sixty years of age at the time of his death and was born near Tallula, the son of the late Mr. and Mrs. George C. Spears. Surviving are the widow and an adopted daughter. Mrs. Spears is a sister of Mrs. Elizabeth Campbell and Miss Laura Washburn of this city.

The funeral will be held from the late home near Petersburg at 2 o'clock Friday afternoon.

N. Barr, Mrs. George Fuhr and Mrs J. L. Tayman. After a short business meeting a social hour was enjoyed, and then delicious refreshments were served by the hostess. Mrs. Graff was assisted in entertaining by Mrs. George Stoldt and Mrs. John Clark.

The Clover Leaf Bunch Sees Bride and Groom Off

The Clover Leaf employes went to the Wabash depot immediately after work Wednesday evening armed with plenty of rice and confetti to send Mr. and Mrs. Mildred Whitlock off on their wedding trip. Mrs. Whitlock is one of the Clover Leaf employes and was formerly Miss Thelma Dunaway.

Catholic Ladies Met With Mrs. C. J. Lonergan.

The Catholic Ladies Aid held its regular meeting Wednesday afternoon with Mrs. C. J. Lonergan with a fair attendance of members. The regular business session was held and plans were discussed for the open meeting to be held some time in November. The next regular meeting will be held with Mrs. Eugene Kettering, 210 North Prairie street, November 5.

Junior Endeavor Society Entertained

A social entertainment and marshmallow roast was given the Junior Endeavor society of Central Christian church at the home of Mr. and Mrs. Charles Patton on Webster avenue Tuesday evening. The evening was spent with games and contests of various kinds.

Those assisting in the entertainment were Rev. M. L. Pontius, Mr. and Mrs. J. S. Green, Mesdames Milburn, Mullenix, Graff and Olds.

After a pleasant evening had been spent they were taken home in cars furnished by Rev. Pontius, Mr. and Mrs. Green, Mrs. Milburn and Mrs. Patton.

Clark's Chaped Ladies Aid Held Meeting

The Ladies' Aid of Clark's Chapel held its regular meeting with Mrs. Earl Cox Wednesday afternoon with a large attendance. The meeting opened with a song by the society. The president then read from the second chapter of Romans. The society voted to take up missionary work in connection with aid work. Miss Frances Cox gave a vocal number and piano selection was given by Mrs. Roy Newberry. A social hour followed the hostess served refreshmentsh. The next meeting will be held with Mrs. Zella Cox November 17.

Alexander Woman's Club Meets Wednesday

The regular meeting of the Alexander Woman's club was held Wednesday afternoon at the home of Mrs. Ray Black. The attendance was excellent and the program was of special interest. Mrs. J. J. Proffitt presented an interesting paper on 'Historical Biudings,' and Mrs. C. M. Strawn gave the book review. Several Victrola selections added much to the pleasure of the afternoon. At the business session plans were discussed for the annual open meeting which will be held on Oct. 27 at the home of Mrs. O. E. Ryan.

A brief social time was enjoyed at the close of the program and the hostess served suitable refreshments.

Woodson Household Science Club Met.

The Woodson Household Science club met Wednesday afternoon at the specious country home of Mrs. Flossie Ranson. There was an unusually large attendance of members. The members responded to roll call by relating their funniest Hallowe'en experience.

Mrs. Bess McKean with Mrs. Nettie Ezard as accompanist gave a violin solo. A paper on the "Origin of Hallowe'en" was read by Mrs. Alta Trotter.

Mrs. Ranson demonstrated Hallowe'en sandwiches and the refreshments were in keeping with the Hallowe'en season. The next meeting will be held with Miss Eva Mortimer, the date to be announced later.

U. C. T. Woman's Club Met With Mrs. McCarthy.

The U. C. T. Woman's club met Wednesday afternoon with Mrs. D. L. McCarthy, 935 North Main street with a large attendance of members. Mrs. J. F. Bossarte and Mrs. D. B. Gaskins were received into membership in the club. At the business session plans were made for the annual Hallowe'en party which will be held on Saturday evening, October 30, at the home of Mrs. McCarthy. This event is for all members of the U. C. T. and families and is always looked forward to with pleasure. During the afternoon Miss Beatrice Dye favored the members with several piano numbesr which were greatly enjoyed. The date and place of the next regular meeting was not set but will be announced later. A social hour followed the business session and the hostess served a two course luncheon.

Wednesday Class Met With Mrs. Miller Weir

The Wednesday class met yesterday with Mrs. Miller Wier at her home on West State street. Each member of the class was privileged to brinf a friend and there were about fifty present. Mrs. Weir had invited Miss Margaret Moore to speak and this she did, giving a most interesting account of her personal experience in Coblenz with the Y. W. C. A. Miss Moore was chosen for the work with the occupational army in Germany because of special qualifications including her ability to speak the German language with fluency. Miss Moore's experiences weres quite varied and the work of the Y. W. C. A. was described in a most entertaining detail.

Three violin numbers were rendered by Miss Clara Catherine Moore in her usual artistic manner and contributed quite largely to the pleasure of the afternoon.

After the program the members and their guests spent some time socially and the hostess served refreshments. Mrs. Weir was assisted by Mrs. Ensley Moore, Mrs. W. H. Marbach, Mrs. F. S. Hayden, Mrs. E. P. Brockhouse, Mrs. James Weir Elliott and Miss S. M. Fairbank.

GREEN COUNTY APPLE CROP SHORT

Freeze of Last Easter Responsible for Shortage—McClay Orchards Produced 50,000 Barrels.

White Hall, Illinois. Oct. 20.—The Greene county apple harvest is finished, and the total production shows up very much short of estimates, the shortage being attributable to the freeze of last Easter. The principal shipping points are Drake and Hillview. From Drake a total of 35 carloads were forwarded this season, compared with 80 last year, while the original estimates for this year were in excess of 200 cars. This point handles the product of the Seel, Smith, Thornton, Thomas and Barrow orchards. The Barrow and much of the Thomas and Thornton orchards were sold locally , the Thornton and Barrow people shipping nothing by rail. The Seel orchard had only three carloads this year. The Smith orchard has a quantity of Willow Twigs and Black Twigs that will be harvested this week, a force of pickers being put on by Manager Ryder today.

Hillview handles only the McClay business, and it totals 277 carloads this year, compared with 292 last year, and the original estimates for this year were over 350 cars, further evidence of the effect of the damage by the Easter blizzard. There are an average of 250 barrels to the car. Refrigerator cars contain 215 barrels and box cars 284 barrels. The railroad gave every facility for the handling of the shipments, and there was hardly a day that ample cars were not provided at each station for the prompt handling of shipments. A. L. McClay, owner of 1400 acres of apples, the largest individual orchard in the world, stated today that his harvest is concluded, and that the output of his orchard will not vary 300 barrels from a total of 50,000 barrels.

WABASH COMPLETES VALLEY CITY FILL

The Wabash railroad fill at the Illinois river bridge at Valley City has been completed and the special work train that has been operated between Springfield and Valley City while the job has been under way made its last trip last evening.

The fill that is one of the largest that has been made on the Wabash system this year necessitated the removal of fifty thousand cubic feet of dirt for more than a half mile. The fill at each end of the bridge was about five hundred feet long and was made about two long trestles that have supported the traffic for several years.

In addition to the fill at Valley City the passing track that formerly had a capacity of fifty cars will now accommodate eighty-six with the extention that has been possible since the fill was started.

AN OLD TIME HOUSE.

Mr. and Mrs. Frank Hart made a trip to the city yesterday. Mr. Hart lives in the east part of Scott county and occupies the house his grandfather built when he first arrived in this country from England. The voyage took seven weeks, the vessel landing at New Orleans, the emigrants proceeding by river up the Mississippi to St. Louis and up the Illinois to Naples and thence by land to their destination. In those days they built houses to stay and the one erected by Mr. Hart was no exception. A part of it is logs weather boarded and is supplied with two old fashioned fireplaces not in use now as it would take for too much wood. The house is good yet and will be for years to come if spared and cared for properly.

RETURN FROM FUNERAL.

Haller Higgins, Miss Lucy Barr, S. O. Barr and Mrs. Kate Greenleaf have returned from Carrollton, where they went to attend the funeral of the late Alexander Lynn. It was somewhat pathetic to remember that the deceased was the last surviving member of ten children, not a descendant of the family being alive. Mr. Barr remarked that Carrollton is a last resting place for members of the family and in times past a great many relatives attended funerals there but on this occasion, in addition to a lady from Jerseyville, there were but the four mentioned above.

The West Side Art club will meet Friday, Oct. 22 with Mrs. Judie Barnett at the residence of Mrs. Hester Brown. She will be assisted by Mrs. Brown, Mrs. Zenobia Brisco, Mrs. Jennie Brannum.

FORMER RESIDENT HERE.

Claude Henley of Springfield is visiting in Morgan county for a few days. Mr. Henley, who formerly resided here, has more recently been employed at a Springfield mine owned by the Peabody Coal Co. He has been transferred to another property owned by the company in Kentucky.

PLAN FOR PICNIC.

Employes of the Eli Bridge Co. are looking forward with great interest to a picnic which is to be given next Saturday afternoon. The employes and their families are to drive to the C. B. & Q. lake near Concord for this outing.
